**Dr. Len Boksman****Mr. Gregg Tousignant**

Dr. Boksman is the Director of Clinical Affairs at Clinical Research Dental. He graduated from the Faculty of Dentistry at University of Western Ontario. Dr. Boksman was also a member of the Editorial Board of REALITY from 1988 to 2003. Dr. Boksman has published over 100 referred articles and chapters in dental texts. He has given numerous international lectures in Restorative Dentistry and has an extensive list of experiences, distinctions and awards.

Course Details:

Simplification with predictability in crown and bridge seems hard to achieve unless you have the materials and techniques that work in synchronicity. This program will present systems of Impressioning and temporization that lead to increased productivity and time savings with less clinical variability. These systems will facilitate insertion of crown and bridge restorations and veneers with minimal time spent. Also discussed will be tissue management and how various haemostatic agents affect polyvinyl siloxane materials and subsequent bonding.

What You Will Learn:

- Impressions - the use of matched systems
- Cords
- Haemostatic Agents
- Materials for Crown & Bridge Temporaries
- Bite Registrations - why they are a problem for the lab and you
- Temporization for posterior full coverage
- Simple temporization for anterior veneers
- The use of reduction guides and clear silicone matrix for temporization with light cure composition

3rd molar surgery: are you wise enough?

Speaker: Dr.Tina Meisami

Dr. Tina Meisami

Dr. Tina Meisami graduated from the University of Toronto, Faculty of Dentistry in 1996 She has a Fellowship on Orthognathic Surgery and Dento-facial Deformities from University of Witwatersrand, South Africa. Orthodontics**Speaker:** Dr. Rob Pasch**Esthetics****Speaker:** Dr. Vagheesh Sabharwal

To register for this course please email @
info@sadaonline.org

**Dr. Rob Pasch****Dr. Vageesh Sabhrawal**

Dr. Rob Pasch graduated from the Faculty of Dentistry, University of Toronto in 1982 and started a general dental practice in Mississauga Ontario. He is interested in treating early; when the conditions warrant, he prefers to develop the stomatognathic system by using Functional Appliances like Twin Block's; Sagittal's; and bite correctors, versus extraction in the permanent dentition.

Dr. Vageesh Sabharwal graduated from the University of Toronto, Faculty of Dentistry with Honours in 2001. He has completed training in Esthetics from the University of Minnesota, Cosmedent Institute and the University of Tennessee. He has lectured in Dubai, UAE and New Delhi, India about Creating Esthetics using Composite Resins.

Location:

**Mississauga
Convention
Centre**

**77 Derry Road
West
Mississauga,
ON L5W 1G3**

Course Details:

Incorporation of orthodontic procedures into the flow of a G.P. Dental Practice and what to watch out for, all the while focusing on esthetics and predictability of the result.

Dr. Sabharwal will be discussing how to use composite resins to address daily restorative needs of patients using a more esthetic technique. Mastering the basic techniques will enable attendees to handle more complex cases using composite resins.
